Faculty Position in Clinical Pediatric Hematology/Oncology
Dalhousie University, Halifax, Nova Scotia

Dalhousie University is inviting applications to fill a clinical faculty position in the Division of Hematology/Oncology, Department of Pediatrics, Faculty of Medicine and the IWK Health Centre in Halifax, Nova Scotia, Canada. Candidates interested in a 0.75-1.0 FTE are welcome to apply. The position is available beginning July 2013.

The IWK Health Centre is an academic tertiary care pediatric and maternal care hospital and serves as the pediatric referral centre for the Maritime Provinces. The candidate is expected to add to a dynamic and academically productive group of 6 collegial pediatric hematologists/oncologists. The appointment will be primarily clinical with duties in pediatric hematology and oncology, but with a chief focus and passion for benign hematology required. Medical school based teaching and research are also expected.

The Division is very active in clinical care, basic science and clinical research including national and international collaborations, and in university and community teaching. The IWK is a national hemophilia center and works in conjunction with an excellent interdisciplinary team. We share care with community paediatric teams, to serve approximately 60 new oncology and 80-100 new hematology patients diagnosed each year from the Maritimes, many with challenging diagnostic problems.

Qualifications include an MD or equivalent in pediatrics and eligibility for certification in pediatric hematology/oncology or equivalent experience is required.

Dalhousie University is located in Halifax, a cosmopolitan port city and the capital of Nova Scotia. Halifax is alive with culture and heritage and embraced by the Atlantic Ocean with a terrific access to outdoor life.

Qualified applicants will be appointed at an academic professorial level commensurate with their experience and qualifications within the Dalhousie University Department of Pediatrics. Cross-appointment to relevant Departments is possible for interested and qualified candidates.

Application process is open until the position is filled. Please send a curriculum vitae, a two-page description of your teaching and research interests, and arrange to have three confidential letters of reference sent under separate cover to:

Conrad Fernandez, MD, FRCPC
Pediatric Hematologist/Oncologist
Professor and Head, Division of Pediatric Hematology/Oncology
Department of Pediatrics
5850 University Avenue, Halifax, NS, B3K 6R8
