Pediatric Gastroenterologist
Halifax, Nova Scotia, Canada

The Division of Gastroenterology & Nutrition in the Department of Pediatrics at Dalhousie University and IWK Health Centre is seeking a clinician-teacher for a 0.5 FTE academic position at the assistant, associate or full professor level. Qualifications include an MD degree (or equivalent) from an accredited university with specialty training in pediatric gastroenterology, and clinical and procedural skills to support both outpatient and inpatient consultative services. Eligibility for medical licensure in the Province of Nova Scotia is essential.

Call and service would be shared with 3.0 FTE pediatric gastroenterologists. Within the Division is a clinician-scientist with Genetics and IBD research focus, a Canada Research Chair PhD psychologist in Pediatric Pain, and a PhD scientist whose research focus lies within in vitro and animal models of inflammation and IBD. The GI Division has active interests in clinical trials research, as well as research involving outcomes assessment, self-management and adherence in chronic disease. Education of medical students, post-graduate trainees and allied health professionals is another area of strength within the Division. The GI physicians are supported by a strong interdisciplinary team.

The IWK Health Centre is the tertiary pediatric and women’s Health Centre for the three Maritime Provinces of Nova Scotia, New Brunswick and Prince Edward Island with a combined population of over 1.9 million. Halifax, with a metropolitan population of over 300,000 is a lively harbor city. It has a thriving arts and music scene. It is the business and economic centre in Maritime Canada. Dalhousie University, Atlantic Canada’s leading research university, offers a range of collaborative research and teaching possibilities.

Interested candidates should submit a current CV as well as send a statement outlining their academic interests. A complete application also includes a completed Self-Identification Questionnaire, which is available at www.dal.ca/becounted/selfid. Candidates should also arrange to have three letters of reference sent under separate cover to the Chair of the Search Committee. At least two of these references must come from academic referees.

Applications for this position will be accepted until July 15, 2017
